

***I want to learn,***

Passion for IT drives me to improve my professional experiences trying to push myself outside comfort-zone.

I want to make something different, something that can leave a mark.

And for archive that I'm working hard to join the best companies in the world, creating testing and using new technologies for solve problems and help people all around the globe.

I'm a funny, empathic and reliable person. I love working with people, sharing my knowledges and my opinions and learning at the same time.

So for those reasons in Bending Spoons I definitely can make the difference, and I hope to have the opportunity to prove it to you not only with this cover letter.
